Such information is the proof that he needs to pay me Royalties due to me. Because he writes Attorney for Joan C. Fugazzi. This is self-explanatory.

Attorney Carothers needs to pay me because he is my hired attorney for me, Joan C. Fugazzi.

**Because I DO NOT WANT ANY TROUBLE. I ONLY ASK FOR 5 % royalties from my hired attorney Floyd B. Carothers, which I am entitled to by law, as an Inventor.**

**Attorney Carothers opened this Delaware Case, and he never sent me any notifications of this Case.**

**This AO was all concealed from me.**

**My name Joan C. Fugazzi is on the case that Attorney Carothers opened. So, I feel that I am entitled to receive the funds in my name.**

**I have not received a penny of Royalties. I showed my Intellectual Rights and Property my exclusive rights, of my Invention to hired Attorney Floyd Carothers in 2004. Almost 20 years waiting for my Royalties to be given to me has been an extreme hardship since I paid Attorney Carothers \$ 8,155.00 for his services, and I trusted Attorney Carothers, an intellectual Rights and Property Attorney for 56 years of experience.**

**I am only asking 5% Royalties due to me. Attorney Carothers can keep the 95 % he concealed from me with my Invention.**

**I only hired Attorney Carothers to work for me, with him getting me a Patent Search and a Design Patent. I write the truth. I just want my Royalties due to me as an Inventor. I rightfully deserve for creating the pet carrier sweatshirt.**

**Important.**

**Attorney Carothers writes, "Respectfully Yours, "Attorney for Joan C. Fugazzi,**

**Attorney Carothers is my hired attorney. And he is denying me of all my Royalties due to me.**

My Utility Application filed by Joan C. Fugazzi US/209,397 Attorney sent me a bill charging me \$ 3,500.00 for this Application, he interfered with this patent charging me, and I trusted him. But I never asked Attorney Carothers to do anything but a Patent Search and a Design Patent.

One Utility Patent was to add a hood.

One was to make it easier for Russell Company who could not figure out in the engineering department how to make my pet carrier sweatshirt. So, I made a utility Patent with the pocket on top, rather than in the sweatshirt.

I am an innocent Inventor. I am a victim of an experienced intellectual rights and property attorney.

**When I went to see Attorney Floyd Carothers, an Intellectual Rights and Property Attorney, he willfully violated my Intellectual Rights and Property the first day that I showed him. He knew it was wrong to violate a client invention, but he did it anyway. Willful Infringement**

**I only asked Attorney Carothers to do a Patent search, that proved: I was the first to ever make a Pet Carrier Sweatshirt. And a Design Patent that Attorney Carothers put a three year hold on to make his infringing on my patents first, before he did my Design Patent.**

**I did the Provisional Patent and the two Utility Patents and the trademark, myself.**

Rule U.S. Code ss 284 – Damages

Upon finding for the claimant the court shall award the claimant damages adequate to compensate for the infringement, but in no event less than a reasonable royalty for the use made of the invention by the infringer, together with interest and costs as fixed by the court

**Plaintiff Joan C., Fugazzi Request to please not dismiss the above case, for failure to effect proper service upon the Defendant. According to Rule 4 M.**

**I Submitted approximate \$ 400 some dollars to the Clerk of Court, assuming that it would be serviced by the court to Attorney Floyd Carothers. I was not notified that it would cost additional money to serve Attorney Carothers.**

**It should be known that Attorney Carothers at no time informed me Joan C. Fugazzi of an AO in Delaware Court, or served me of this filing with this court, so I believe he violated Rule 4M also.**

Can I, Joan C. Fugazzi, Inventor of the Pet Carrier Sweatshirt ask to settle my Royalties due to me in this court of Delaware? Because Attorney Carothers put my name on as an AO, which was never authorized by me, Joan C. Fugazzi, no authorization of such authority was never given to Attorney Carothers.

Attorney Carothers writes he has power of Attorney over me, and that is not true. The Patent Office Revoked Attorney Carothers saying Attorney Carothers has no Power of Attorney over me Joan Fugazzi.

This information, of proof was already submitted to Delaware Court.

I HAVE THE POWER OF ATTORNEY OVER MY SELF, Joan C. Fugazzi, the Patent Office writes.

This information, of proof was already submitted to Delaware Court.

**I am the only power of Attorney over myself.** I never signed any paper to assign Attorney Carothers to be my power of attorney. If I wanted a power of attorney. It would not have been Attorney Carothers. It would have been my husband and my three children.

Evidence by the Patent Office has been submitted to this court, that Attorney Carothers is not my Power of attorney.

**Important. Attorney Carothers writes, "Respectfully Yours, "Attorney for Joan C. Fugazzi,**

**Attorney Carothers is my hired attorney. And he is denying me of all my Royalties due to me.**

**Please talk to Attorney Carothers. The Patent Office said Attorney Carothers needs to pay me Royalties' due to me.**

I called Attorney Carothers today, December 20, 2022 and I left a message to please let's resolve this, and we both know what you did, please pay me my Royalties due to me.

I ONLY WANT AND REQUEST RIGHTFULLY WHAT BELONGS TO ME. I DO NOT WANT ANY TROUBLE.

I INVENTED THE PET CARRIER SWEATSHIRT WITH MY MIND, for my chihuahua dog I bought at the pet store in 2001, and he wanted to be carried all the time. So, I made my Invention for the Love of my dog. AND IT IS EXCLUSEVELY JOAN C. FUGAZZI INVENTION, WHICH WAS NEVER SOLD TO ANY ONE.

And I never gave Attorney Carothers or anyone authority to use my Invention in any way.

I was left out of my Invention. I AM AN INNOCENT INVENTOR who has been taken advantage of, and deprived of my royalties due to me. I created the pet carrier sweatshirt for my chihuahua dog who I loved so much, with the intent to make a lot of money, not to be given away free to anyone.

Attorney Carothers writes "Whether You are an individual, a small business, or a large corporation in the United States or overseas, engage Carothers and Carothers to help you fully protect your Invention and other Intellectual Property."

This case should not be closed, or dismissed.

I showed my Invention to Attorney Carothers in 2004. The next day, I had some questions and I called and his wife answered the phone and she said attorney was too busy to come to the phone, he was working on my Invention. Attorney Carothers left me out from the very beginning and he concealed all activities of my Invention from me the Inventor.

This is Bad Faith and unethical for a patent attorney to take over a client's invention.

This is the Law he is supposed to protect the Inventor. The Patent Office said Attorney Carothers had bad Faith. And Attorney Carothers needs to pay me all my Royalties, for him using my Invention.

My Invention the Pet Carrier Sweatshirt was made for me, praying for years, since I WAS A LITTLE GIRL. I WANTED TO CREATE SOMETHING TO MAKE THE WORLD A BETTER PLACE. BECAUSE MY GOAL WAS TO GO DOWN IN HISTORY AND MY NAME WOULD NEVER DIE, BECAUSE MY NAME WILL GO DOWN IN HISTORY AS AN IMPORTANT INVENTOR. This is my Life Time Dream. This Dream should not be taken away from me violating my intellectual rights and property, my Idea, and my invention.

Also, I WANTED TO GIVE TO MY FAMILY WEALTH from MY Invention, not a hired attorney family wealth.

It seems many are using my Invention; attorney Carothers made my invention available international.

I COME TO Delaware Court in Peace. Asking for my Royalties due to me as an Inventor

The Battle is the Lords of Righteousness.

Rule 271 an Inventor should not be deprived of their Invention.

IT IS BAD FAITH FOR AN ATTORNEY TO DENY A CLIENTS INVENTION ROYALTIES.

AND TO CONCEAL ALL HIS ACTIONS OF MY INVENTION.

## LIMITED 10 DAY PUPPY WARRANTY

The puppy you have selected is warranted by this Petland retailer to the original purchaser to be healthy at the time of purchase. During the limited warranty period, should your veterinarian find this puppy to be a poor health risk or detect any physical health problem that would require further veterinary care other than required vaccinations and/or wormings, you must notify this Petland retailer within two (2) business days.

In accordance with the above, this Petland retailer also warrants your puppy to be free from Parvo Virus, Distemper, Hepatitis, Corona Virus, and Canine Influenza for a full ten (10) days from the date of purchase. Should your veterinarian detect any of the above-mentioned diseases within the ten (10) day period immediately following your purchase, you must notify your Petland retailer within two (2) business days.

## LIMITED ONE YEAR EXTENDED WARRANTY

This Petland retailer warrants your puppy for 1 year from the date of purchase against hereditary and congenital disorders that may interfere with your puppy's ability to lead a normal life. This Petland retailer provides your pet solely for the purpose of a companion pet. There is no warranty expressed or implied that you will be able to use your pet for showing or breeding purposes.

In the event that your licensed veterinarian certifies your animal to be unfit for purchase within ten (10) days following receipt of your animal, or in the case of a congenital or hereditary cause as noted in the Limited One Year Extended Warranty, you must supply this Petland retailer with your veterinarian's written report within two (2) business days of diagnosis. You may then choose a replacement puppy of equal value, a full credit of the original purchase toward the purchase of any other puppy of your choice, a complete refund of the purchase price of the puppy, not including the sales tax, or retain the puppy. You may take up to (6) months to select your replacement puppy. If you choose to retain the puppy, you are entitled to receive reimbursement from this Petland retailer for reasonable veterinary fees incurred in curing or attempting to cure the affected dog, subject to the following: this Petland retailer's liability for reimbursement shall not exceed the purchase price, not including sales tax, of the puppy; and your veterinarian determines the puppy's illness can be treated by procedures that are appropriate and customary. Reimbursement shall not include the costs of the initial veterinary examination fee and diagnostic or treatment fees not directly related to the veterinarian's certification that the animal is unfit for purchase.

## LIMITED LIFETIME WARRANTY

In the event your puppy should die, whether by natural or other causes, this Petland retailer will give to the original purchaser a credit of twenty-five percent (25%) toward the purchase of a replacement puppy of your choice. You may select your replacement puppy at any time after presenting to your Petland retailer your veterinarian's written verification of your puppy's death, and a copy of your Petland warranty. This Limited Lifetime Warranty is in addition to the Limited 10 Day and One Year Warranty.

## LIMITATION OF LIABILITY

Buyer has read and understands the Petland limited warranties and acknowledges that no reimbursement of veterinarian fees for the initial examination or reimbursement for consequential or incidental damages will be made and that the initial examination and the timely submission of veterinary reports are conditions precedent to the effectiveness of the Limited 10 Day Puppy Warranty, Limited One Year Extended Warranty, and Limited Lifetime Warranty. So states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation or exclusion may not apply to you.

To be eligible for the 10 Day Health Guarantee, 1 Year Extended Warranty and Lifetime Warranty, you must keep the puppy under regular and continuing care of a licensed veterinarian. Care must include regular vaccinations and wormings, as recommended by your veterinarian.

If you are eligible for and select another puppy or credit towards another puppy, you must return any registration or registration application documents for your pet that have been delivered to you. You must also assign any and all documents back to this Petland retailer.

The above constitute the entire warranties provided by your Petland retailer. The buyer agrees that there are no other warranties which extend beyond those contained within this document. The duration of any applicable implied Warranties on this puppy are limited to the 10 Day, 1 Year and Lifetime Limited Warranties, respectively. Some states do not allow limitations on how long an implied warranty lasts so the above limitation may not apply to you. This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This disclosure of rights is a summary of Pennsylvania Law. The actual provisions of the law are in Section 9.3 of the Unfair Trade Practices and Consumer Protection Law.

This guarantee does not warrant that this dog has been examined by a veterinarian. The Purchaser is encouraged to have this dog examined by a veterinarian as soon after purchase as is feasible.

## STATEMENT OF PURPOSE

The Sole proprietor is Joan Fugazzi.

I would like to be connected with an Investor, so the product the "Pet Sweat" will be available for everyone to buy, and will be a success.

Because I truly believe there is a need for this comfortable sweatshirt carrier.

The Source: Having the funding to manufacture and distribute the product is needed. I already have spent \$17,000.00 to date. .

The benefits: It's going to be for someone who has money and is willing to take a chance. That person will be rewarded as the products are distributed and sold.

The business I started is known as the "Pet Sweat".

The Pet Sweat has a United States of America Patent Certificate, that was issued on April 3, 2007.

The Pet Sweat has a United States of American Patent and Trademark Office Certificate of Registration issued in April 2007.

The advantages are the pet owner can have two hands free while holding a pet comfortably in a Pet Sweat Carrier.

My idea was started, when I got a dog at the pet store. , and the Chihuahua named Spike constantly, wanted to be held. So in order to do my daily activities, while holding my pet I devised the Pet Sweat. This invention allows a pet owner to have two hands free, while holding a pet.

The Pet Sweat Carrier has evolved into many types of uses.

The Pet Sweat can be used in a Marathon Running Race, and daily walking activities. It can hold several water bottles, a wallet, and a lunch.

The Pet Sweat can be used for small tools for a worker.

The Pet Sweat can be used for young children; they can carry in the Pet Sweat, a bottle, a favorite blanket, or a pacifier.

Senior Citizens, the growing amount of baby boomers can carry their wallet, a Cross- word puzzles book and etc. conveniently at their disposal.

The Pet Carrier has many other possibilities.

The Pet Sweat comes in a large variety:

Long sleeves hood and no hood. Short sleeves hood or no hood, no-sleeve hood or no hood.

Also, I invented a Pet Sweat Collar.

It simply keeps a pet warm in the cold. Basically it is a turtle Neck for a pet.

It is a stylish piece of clothing for a pet. It comes in x-small, small, medium, large, x-large, and xx large.

I am also willing to sell the rights to the Patent and Trademarks for a negotiated amount.

## **I. THE PET SWEAT**

### **A. DESCRIPTION OF BUSINESS**

The Pet Industry is a growing business today. Many items are available for pets

I, Joan Fugazzi thought of the comfortable pet carrying idea about five years ago, after purchasing a pet at the Pet Store in the mall. I found my pet Chihuahua Spike wanted to be carried always. I could not get my house work done, because it takes two hands to hold a pet properly,. So I thought of the idea of carrying my dog in a big pocket from a sweatshirt with comfortable material for myself and my pet.

The first one I made myself on my old sewing machine that I have. Then, I had spent alot of money on costly sweatshirt material at Joann Fabrics stores. I have spent many hours designing the Pet Sweat. I have experimented with many canvas fabrics to finally find the perfect Pet Sweat.

I have hired Attorney Floyd Caruthers in the month of July about five years ago to help me legally protect my idea concerning the Pet Sweat.

I have hired women who sew, to make prototypes. But I have made many adjustments and changes to make the Pet Sweat perfect. I have had all the women sign a Confidential Disclosure Agreement with the advice of my attorney.

I had a Patent Search first to make sure there was nothing like the Pet Sweat, because I wanted to protect myself from being sued. This was costly.

I had put together a Provisional Patent and presented it to the United States Patent Office.

My Attorney had done the entire Design Patent and I was awarded a Certificate from the United States Patent Office on April 3, 2007. This procedure took approximately three years. This was a very costly expense.

I had proceeded to put together two Utility Patents myself. This was a cost of \$500.00 each, a total of \$1, 000, 00 and it was a loss. These patents could not meet the requirements of the Patent Office. After hours of research and phone calls to the United States Patent office communicating with well organized, uniformity and rules documented on presentation and proper forms involved with patents. It had been quite an education for me. And I found the United States Patent and Trademark office to be courteous, helpful and also exact on all forms.

I diligently proceeded to put together a Trademark. After studying many drawing that I made up. And I studied with the help of my wonderful husband Jack on how exactly to present the Pet Sweat to the Trademark Office. I had found a great design that I am comfortable with a Chihuahua in a pocket. .

After many hours of research I was awarded an official United States of America Trademark Certificate in April 2007.

After many prayers, I have found two professional women to make the Pet Sweat to my specifications. These ladies are experts in the field with making wedding dresses and alterations.

At this time they are making the Pet Sweat and the Pet Sweat Collar.

I have five places of business that want to put the Pet Sweat into their stores. The Pet Sweat will be hopefully made and sold by the end of summer, so that the Fall and Christmas will have high sales and production with the help of these two ladies. Most Buyers buy in July for Christmas, and that is the plan with the Pet Sweat.

Plans are to contact Dicks Sporting Goods Buyers and present to them the advantages of selling the Pet Sweat in all of their stores. Dicks is a local company, and possibly and hopefully they will want to help start the Pet Sweat, which I believe will be a success. People need the Pet Sweat, and Pets need the Pet Sweat.

It has been only through the faith of God that this Invention has started, and I believe with be a total success in the marketplace.

My husband is a graduate of Duquesne University, and he is very intelligent and helpful with specifications regarding patent requirements and I am blessed by that.

## **B. PRODUCTS AND SERVICES**

There is a market for pet items and there is a great interest in stores for new pet products. The Pet Sweat basically is a convenience for a pet owner to hold a pet and have two hands available to do what they want.

The Pet Sweat is a perfect item for Pet Stores to take home a small pet weighing 10 pounds or under.

The Pet Sweat is perfect for a Vet's Office to sell the Pet Sweat to care for a sick pet, allowing you to carry the pet with you till the pet gets well.

The Pet Sweat is a bonding item for pets and pet owners. The Pet Sweat is a safe item, it is insulated with canvas material called duck cloth sandwiched into the back of the Pet Sweat and the front pocket of the Pet Sweat.

The Pet Sweat has a soft coil rope sewed into the back, with the purpose to tie around the pets neck as a safety feature.

The Pet Sweat can not only be used for a pet, but it can use for many purposes.

A athletic runner for example can carry water bottles, a lunch, a wallet, a cell phone, a watch and etc. while running in a Marathon Race. I believe everyone one will want the Pet Sweat in a race.

This Pet Sweat I believe will be very popular for runners who do not want to carry any kind of purse with them. The Pet Sweat can be a success for Marathons throughout the World.

It is unfortunate that there is a growing community of senior citizen homes. Seniors are very protective of their items like their money, or favorite book, magazine, candy, and etc. and they can sleep with the Pet Sweat and wear it over a shirt every day.

The Pet Sweat has fake fur designed around the sweatshirt collar for young girls to wear, creating a cute look for young girls.

The Pet Sweat comes in all sorts of colors, whatever colors the sweatshirts come in.

Basically the material of the sweatshirt is very comfortable.

In 1900 the Sweatshirt arrived to stores. No one has ever though of the large convenient pocket, until I did a few years ago.

I have been diligently trying to bring this convenience of the Pet Sweat to everyone. It has taken this time to get where I am today.

All we have to do is purchase wholesale already made Sweatshirts, and add the Pocket, basically.

## **B. MARKET ANALYSIS**

### **1. INDUSTRY INFORMATION;**

Russell Company had my Pet Sweat for 14 months, in the marketing department and Engineering Department.

With a change of ownership, they returned all of the Pet Sweat Items.

If a Sweat Manufacture will accept the Pet Sweat, it would be the best way to mass produce the Pet Sweat.

We can purchase many sweatshirts and make the adjustments with the pocket, no sleeve, long sleeve, and short sleeve.

I found that no matter how much you search for the colors to match the sweatshirt color, you cannot find the exact black, or red, or white and so on.

You have to purchase sweatshirts to make the Pet Sweat. Basically it takes 2 and one half sweatshirts to make the Pet Sweat. Then you will have the exact color.

None of the fabric goes to waste, because all cut out fabrics are used to make the Pet Sweat Collar. The Collar will keep pets warm in the house and outside. It is an entirely new way for a pet to be stylish and warm.

I created the Pet Sweat collar one day when it was a cold winter day, my pet was freezing in my home, and I just grabbed an old sweatshirt and cut the sleeve, and put the sleeve on to my dog Spike's neck. He was warm and comfortable with this new collar on. With this in mind by using several sweatshirts to make the Pet Sweat, we have all of the ingredients available to make the Pet Sweat Collar.

## **2. TARGET MARKET:**

### **I HAVE A LEGAL PATENT**

**I Have Models. My white Chihuahua dog Spike.  
My daughter's dog Tequila; a Tea Cup white Chihuahua.  
I have a Chocolate Siamese cat named Panda for a model.  
My Attorney, I believed used Panda for the Model in the Patent simple because all cats  
can be in the Pet Sweat, and only small dogs.**

**The Models will catch the attention for potential customers.  
Pet Stores can sell the Pet Sweat  
Veterinary Office's can sell the Pet Sweat**

**My Plan is to present the Pet's Sweat as an Athletic Item in sporting goods departments.**

**I can sell the Pet Sweat to a large sweatshirt manufacture. They can pay me money,  
plus 5 percent of every one sold.**

**I have a UPC Number that cost me \$750.00, another costly expense item bought in  
September 2006. It will expire in a few months, and there will be an additional charge to  
continue the assigned UPC Number.**

**We will need to have a printing company put together a bar code from the UPC Number.  
A code will be given for each individual item.**

**Cloth tags will have to be made with the Trademark on and added to the Pet Sweat's.  
I found a company in Bethlehem Pennsylvania that will make the proper tags.**

**Liability Insurance will be needed for one million dollars. I have found an Insurance  
company that has dawn up a quoted figure to protect the Pet Sweat.**

**The Pet Sweat's are sold with a hood without a hood, long sleeve, short sleeve, no  
sleeve, and can be sold all over the country and world.**

**I know a man who speaks Chinese, he is married to a Chinese women, and has visited  
China many times, and has agreed to be an interpreter for the Pet Sweat.**

**3. COMPETITION:**

**I have an official patent search and Design Patent in my name. Documented.**

**I was the first to come with a Sweatshirt Carrier.**

**Eric Swift from Duquesne has found on the internet, two others are selling a very similar item. They did not have the unique idea first.**

**Because the Pet Sweat is a unique, comfortable item, I believe it can command a higher price than a typical sweatshirt.**

**4. COMPETITIVE ADVANTAGE;**

**The Pet Sweat has not been sold as yet.**

**Preparations are being made to be sold soon.**

**I believe that the Pet Sweat has a Million Dollar Potential.**

**The Start of the Pet Sweat Invention has been a very costly one for me.**

**Now we need money to pay these two ladies making the Pet Sweat items.  
We need money for the materials, and a lot of Sweatshirts that are already made.**

**A large amount of money has to go for a manufacture to produce the Pet Sweat's  
in large volumes**

**A Web Page is needed to promote sales for the Pet Sweat.  
The cost will be a little over \$350. 00 for a web page that I had found..**

**Preparations for money to be received on the web page needs to be done.**

**The wholesale cost of a sweatshirt times 3 and the cost for someone to make the Pet  
Sweat will have to be included to determine the final costs for each Pet Sweat Carrier,  
and each Pet Sweat Collar.**

**You can call me direct at 412-788-2609 and leave a message including your phone  
number. My cell phone is 412-330-9146. I work at Betsy Ann Chocolates  
in the Robinson Mall at number F Parking Lot upstairs. You can meet with me there or  
at my at Home at 300 Farmcrest Drive, Oakdale, PA 15071**

## **2. Property Rights**

The law considers a patent to be personal property that its owner can sell, give away, or otherwise dispose of. It can even be seized by your judgment creditors, just like your car, a share of stock, or any other item of personal property. Although it's personal property, the actual patent deed you receive from the PTO has no inherent value; thus you need not put it in your safe-deposit box or take any steps to preserve it against loss. Your ownership of the patent is recorded in the PTO (just like the deed to your house is recorded by your county's Recorder of Deeds). If you lose the original deed, the PTO will sell you copies of the printed patent or certified copies of a title report showing that you're the owner.

Re: Sara Lee

Dear Joan:

I have reviewed the proposed disclosure agreement sent by Sara Lee Corporation. This agreement provides that there is no confidential relationship. Accordingly, if you decide to submit your invention under this agreement, you basically will have no protection.

Obviously, the best thing is to first conduct a preliminary patent novelty search to determine whether the invention is even patentable, and then if it is patentable to apply for a patent application. I understand that you cannot afford any of these procedures and unfortunately, I therefore cannot really help you in this regard. ✓

Nevertheless, you still might want to submit your idea to Sara Lee under this agreement, hoping that they will be honest and this would at least be something, which is better than doing nothing.

I am returning your original documents.

Very truly yours,

Please acknowledge this patent for the pet carrier sweatshirt, that I call "Pet Sweat". Because it is a tender loving way to hold and carry your pet many places, with the convenience of having two hands available to do what ever you wish. You can clean your yard, go shopping, and put your groceries away. Talk on the phone, use your computer, get your mail, clean your house, you can go to work at some places that are allowed pets. As a florist designer, I am allowed to take my little Chihuahua dog with me to work and my dog will sit in the sweatshirt pocket while I make flower arrangements, clean the store, and wait on customers, answer the phone, and dust shelves. I believe many people now days are attached to their pets. This new invention will enable the comfort for a pet and pet owner that will be the first loving way to carry a pet in a Fashionable manner with a variety of sweatshirt colors to match your jeans or any other outfit.

Re: US Patent Application No. 11/209,397  
PET SWEAT  
Our File No. 4441

Dear Joan:

I apologize for not being able to get to you sooner for our estimate on revising your patent application and responding to the Examiner. I had to actually do some of the revision work first before I could even begin to make an estimate. The only way that your application can be effectively amended is to entirely draft a substitute specification. In doing so we must submit a marked-up version and a clean version of the amendments to the specification.

Unfortunately, none of your proposed amendments can be used.

I also had to review all of the patent references online so that I fully understood what each one disclosed. I needed to know this information so I know how far we can go with regard to breadth of claim protection.

Also, we must have all the drawings redone or modified. We must also prepare a new Declaration, a Power of Attorney, a complete Amendment to all aspects of the application, including the drawings, and we must also prepare and file a Terminal Disclaimer as requested by the Examiner. This is all quite complex and time consuming.

To complete all of this, our fee will be \$3,450.00, plus costs for the drawings, which we estimate to be \$250.00.

Joan C. Fugazzi

April 21, 2006

Page 2

I know this is expensive for you but there is simply no way to get around this. It would have been much cheaper had we been able to draft the specification and claims ourselves from the very beginning.

However, I propose that perhaps you can at least afford part of this fee now, and then pay the remainder over a period of time by regular monthly payments.

Let me know how you want to proceed.

Very truly yours.

Dear Joan:

I received your telephone voice mail message. I am very sorry that this turned out to be so expensive. However, it is a lot more complex and time consuming than you envisioned. When making amendments to a case, the rules have to be followed and there are a lot of things to do to get your application in order.

✓ However, as I stated in my letter of April 21, 2006, I trust you and I am willing to work with you. Perhaps you could advance \$1,000.00 and then you could pay the balance over a period of time.

Do not forget, also, that once the patent is allowed, you will have to pay the issue fee of \$700.00 and the publication fee of \$300.00. plus a fee for us to prepare and file a Supplemental Declaration on your behalf and to file all remaining documents, review the patent and forward the same on to you. However, this would not be incurred until after allowance is received. We will also have to make one more short response to the Examiner before allowance.

Very truly yours,

# Federal Trademark Dilution Act

---

The Federal Trademark Dilution Act of 1995 (Pub.L. 104-98 (text) (<https://www.govinfo.gov/link/plaw/104/public/98?link-type=html>) (pdf) (<https://www.govinfo.gov/link/plaw/104/public/98?link-type=pdf&pdf>)) is a United States federal law which protects famous trademarks from uses that dilute their distinctiveness, even in the absence of any likelihood of confusion or competition. It went into effect on January 16, 1996. This act has been largely supplanted by the Trademark Dilution Revision Act of 2006 (TDRA), signed into law on October 6, 2006.

## Summary

---

Trademark dilution occurs when a use of a trademark by someone other than its owner impairs the mark's distinctiveness, whether or not the mark is used on a competing product or in a way that is likely to cause customer confusion.

A distinction is made between trademark dilution and trademark infringement. Infringement occurs when someone other than a trademark's owner uses the mark in a way that is likely to cause customer confusion. For example, if someone other than the Kodak corporation started marketing film under the mark KODAK, customers would probably be confused, because customers have come to associate KODAK film with a specific source and would probably believe that any KODAK film they see comes from that source.

If however, another company started marketing KODAK brand pianos, there might be little or no customer confusion, because customers would probably recognize that Kodak is unlikely to branch into the piano business or to use its film brand name on pianos. So customers would probably recognize that the KODAK pianos come from a different source. However, the KODAK pianos might still harm Kodak, because it would lessen the strong association, which the company has spent billions of dollars creating, between the word KODAK and film. Some

Attorney Carothers put a three-year delay on my Patent and Trademark, in 2004 – 2005. And then he charged me for a patent in 2004 that I paid.

While Attorney Carothers got my Design Patent that had a patent number in 2007. And he charged me and I paid.

Attorney Carothers interfered with my Trademark that I was working on. And I never asked attorney Carothers to work on my Trademark I was doing the Trademark myself.

Because I only hired attorney Carothers to do a Patent Search and only a Design Patent.

Attorney Carothers he had no right to interfere with my Trademark. This is the Dilution Trademark Rule. Where he has to pay me three times for damages and violation of my Trademark. What Attorney Carothers did was use my original Trademark in Liechtenstein, and then he made me a different Trademark with slighter bigger back. In 2007.

9. ATTORNEY CAROTHERS DID TRADEMARK DELUTION TO MAKE A DIFFERENT TRADEMARK WITH A SLIGHTLY BIGGER BACK IN 2007. WITHOUT MY AUTHORIZATIN VIOLATING MY INTELLECTUAL RIGHTS AND PROPERTY WITH NO AUTHOIZATION FROM JOAN C, FUGAZZI THE INVENTOR. I WAS WORKING WITH MY TRADEMARK I GOT MYSELF.

And Attorney Carothers never informed me the Inventor, and my idea of anything he did with my Invention. I just received many bills totaling \$ 8,155.00 and I paid to Attorney Carothers. When I received the bills, I figured he was working for me.

But now I see he was charging me and I was paying for Attorney Carothers Infringement. Attorney Carothers did all of this willfully knowing it was wrong as an intellectual rights and property for 56 years. but he did it anyways.

- 11 ATTORNEY CAROTHERS USED MY SARA LEE CONTACT AND SIGNED AGREEMENT THAT I HAD, IN COMMENCE IN 2004 MAKING MY PET CARRIER SWEATSHIRT.

AND ATTORNEY CAROTHERS HE NEVER INFORMED ME HE WAS USING MY PET CARRIER SWEATSHIRT SARA LEE CONTACT IN CONGRESS. AND ATTORNEY CAROTHERS NEVER PAID ME MY ROYALTIES DUE TO ME AS AN INVENTOR.

- 12 ATTORNEY CAROTHERS TRIED TO TAKE OWNERSHIP OF MY INVENTION WITH MANY PEOPLE.

My Invention the Pet Carrier Sweatshirt is my Invention that I made with my mind after I bought a Chihuahua dog at the pet store in 2001. I created the Pet Carrier Sweatshirt Invention for my dog Spike. My Invention was all for my Spike. I created the first pet carrier sweatshirt that a human and small pet ten pounds and under can bond in a comfortable sweatshirt. carrier and the human can have two hands free having a loving caring way to carry a small pet.

PLEASE ALLOW ME TO HAVE ROYALTIES FOR MY WONDERFUL NEW INVENION TO BOND A PET AND A HUMAN THAT I MADE WITH MY MIND, AND I AM ENTITLED TO AS AN INVENTOR ROYALTIES. I HAV E SPENT 20 YEARS AND THOUSANDS OF DOLLARS AND HOURS ON MY INVENTION TO NOT MADE ONE PENNY, THAT MY PATENT ATTORNEY DEPRIVED ME OF MY INVENTION. Very important.

To Paulfucito@uspto.gov

From Joan C. Fugazzi, Inventor of the Pet Carrier Sweatshirt.

I had the meeting scheduled on March 6, 2021, to inform you of what was happening with my information. But unfortunately, my emails are being tampered with. I saw a message that I did not write the evening before.

Three people from the Patent Office told me Attorney Carothers needs to pay me Royalties, for using my Invention.

After years of long suffering from Attorney Carothers I saw that the Attorney Carothers recently is trying to take possession of my Invention.

Sincerely,

A handwritten signature in cursive script that reads "Joan Fugazzi".

## 2104 Requirements of 35 U.S.C. 101 [R-10.2019]

Patents are not granted for all new and useful inventions and discoveries. For example, the subject matter of the invention or discovery must come within the boundaries set forth by **35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)), which permits a patent to be granted only for "any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof."

### 35 U.S.C. 101 Inventions patentable

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

**35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)) has been interpreted as imposing four requirements, which are described below.

### I. DOUBLE PATENTING PROHIBITED

**35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)) requires that whoever invents or discovers an eligible invention may obtain only ONE patent therefor. Thus it prevents two patents issuing on the same invention to the same applicant. The "same invention" means that identical subject matter is being claimed. This requirement forms the basis for statutory double patenting rejections. If more than one patent is sought, a patent applicant will receive a statutory double patenting rejection for claims included in more than one application that are directed to the same invention.

See **MPEP § 804** ([s804.html#d0e98894](#)) for a full discussion of the prohibition against double patenting. Use form paragraphs **8.30** ([#p8.30](#)), **8.31** ([#p8.31](#)) and **8.32** ([#p8.32](#)) for statutory double patenting rejections.

### II. NAMING OF INVENTOR

The inventor(s) must be the applicant in an application filed before September 16, 2012, (except as otherwise provided in **pre-AIA 37 CFR 1.41(b)** ([mpep-9020-appx-r.html#d0e317757](#))) and the inventor or each joint inventor must be identified in an application filed on or after September 16, 2012. See **MPEP § 2109** ([s2109.html#ch2100\\_d2c183\\_22374\\_28b](#)) for a detailed discussion of inventorship and **MPEP § 602.01(c)** ([s602.html#d0e4830ss602](#)) *et seq.* for details regarding correction of inventorship.

In the rare situation where it is clear the application does not name the correct inventorship and the applicant has not filed a request to correct inventorship under **37 CFR 1.48** ([mpep-9020-appx-r.html#d0e317930](#)), the examiner should reject the claims under **35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)) and **115** ([mpep-9015-appx-l.html#d0e302875912](#)) for applications subject to **AIA 35 U.S.C. 102** ([mpep-9015-appx-l.html#al\\_d1fb1\\_234ed\\_52](#)) (see **MPEP § 2157** ([s2157.html#ch2100\\_d20034\\_1bb92\\_e7](#))) or under **pre-AIA 35 U.S.C. 102(f)** ([mpep-9015-appx-l.html#d0e302420](#)) for applications subject to **pre-AIA 35 U.S.C. 102** ([mpep-9015-appx-l.html#d0e302383](#)) (see **MPEP § 2137** ([s2137.html#d0e206570](#))).

### III. SUBJECT MATTER ELIGIBILITY

A claimed invention must be eligible for patenting. As explained in **MPEP § 2106** ([s2106.html#d0e197244](#)), there are two criteria for determining subject matter eligibility: (a) first, a claimed invention must fall within one of the four statutory categories of invention set forth in **35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)), i.e., process, machine, manufacture, or composition of matter; and (b) second, a claimed invention must be directed to patent-eligible subject matter and not a judicial exception (unless the claim as a whole includes additional limitations amounting to significantly more than the exception). The judicial exceptions are subject matter which courts have found to be outside of, or exceptions to, the four statutory categories of invention, and are limited to abstract ideas, laws of nature and natural phenomena (including products of nature). *Alice Corp. Pty. Ltd. v. CLS Bank Int'l*, 573 U.S. 208, 216, 110 USPQ2d 1976, 1980 (2014) (citing *Association for Molecular Pathology v. Myriad Genetics, Inc.*, 569 U.S. 66, 70, 106 USPQ2d 1972, 1979 (2013)). See also *Bilski v. Kappos*, 561 U.S. 593, 601, 95 USPQ2d 1001, 1005-06 (2010) (citing *Diamond v. Chakrabarty*, 447 U.S. 303, 309, 206 USPQ 193, 197 (1980)).

See **MPEP § 2106** ([s2106.html#d0e197244](#)) for a discussion of subject matter eligibility in general, and the analytical framework that is to be used during examination for evaluating whether a claim is drawn to patent-eligible subject matter, **MPEP § 2106.03** ([s2106.html#ch2100\\_d29a1b\\_139b2\\_397](#)) for a discussion of the statutory categories of invention, **MPEP § 2106.04** ([s2106.html#ch2100\\_d29a1b\\_139db\\_e0](#)) for a discussion of the judicial exceptions, and **MPEP § 2106.05** ([s2106.html#ch2100\\_d29a1b\\_13c11\\_1cb](#)) for a discussion of how to evaluate claims directed to a judicial exception for eligibility. See **MPEP § 2106.07(a)(1)** ([s2106.html#ch2100\\_d2c183\\_20b8d\\_1b9](#)) for form paragraphs for use in rejections under **35 U.S.C. 101** ([mpep-9015-appx-l.html#d0e302376](#)) based on a lack of subject matter eligibility. See also **MPEP § 2105** ([s2105.html#d0e197008](#)) for more information about claiming living subject matter, as well as the Leahy-Smith America Invents Act (AIA)'s prohibition against claiming human organisms.

Eligible subject matter is further limited by the Atomic Energy Act explained in **MPEP § 2104.01** ([s2104.html#ch2100\\_d2c188\\_18a96\\_2d4](#)), which prohibits patents granted on any invention or discovery that is useful solely in the utilization of special nuclear material or atomic energy in an atomic weapon.

### IV. UTILITY

A claimed invention must be useful or have a utility that is specific, substantial and credible.

Dear Joan C. Fugazzi,

It is my great pleasure to congratulate you on the granting of your newest patent! On 4/3/2007 **you were issued patent number D 539,509** by the United States Patent and Trademark Office.

It is your personal dedication that made this patent possible. It took your valuable time and resources. But because **your patent accomplishment is intangible**, it can be easily forgotten...by you, your colleagues, and your family.

Sincerely,

John D. Capps  
 President

patented invention, within the United State or imports into the United States any patented invention during the term of the patent therefore, infringes the patent.

Also, Federal trademark Dilution Act, A distinction is made between trademark dilution and trademark infringement. Infringement occurs when someone other than a trademarks Owner uses the mark in a way that is likely to cause customer confusion.

I PRAY that the Federal Court will give me back my Patents and Trademark for 14 more years term, the years Attorney Carothers took from me.

Sincerely,

## Abstract

Please acknowledge this patent for the pet carrier sweatshirt, that I call "Pet Sweat". Because it is a tender loving way to hold and carry your pet many places, with the convenience of having two hands available to do what ever you wish. You can clean your yard, go shopping, and put your groceries away. Take out the trash. Talk on the phone, use your computer, get your mail, do your laundry, fold clothes, clean your house, you can go to work at some places that are allowed pets. As a florist designer, I am allowed to take my little Chihuahua dog with me to work and my dog will sit in the sweatshirt pocket while I make flower arrangements, clean the store, and wait on customers, answer the phone, and dust shelves. I believe many people now days are attached to their pets. This new invention will enable the comfort for a pet and pet owner that will be the first loving way to carry a pet in a fashionable mannerism with a variety of sweatshirt colors to match your jeans or any other outfit.

Dear Ms. Fugazzi:

This will acknowledge, with thanks, your letter regarding a product idea which you feel may be of interest of us. Your communication was forwarded to the Walt Disney World Legal Department as it is our responsibility to respond to such communications.

We appreciate the fact that you took the time to write to us. Unfortunately, our company's long-established policy does not allow us to accept for review or consideration any ideas, suggestions or creative materials not specifically solicited by us or our subsidiaries. Our intention is to avoid misunderstandings when products are created internally which might be similar to submissions made to us from outside the company.

We recognize that this policy is sometimes a disappointing one as when someone like yourself, with all the best intentions, would simply like to consider her creative ideas or suggestions. Experience has taught us, though, that if we abandon our policy for one person, we will soon have no policy at all. Therefore, as required, we are returning your materials and will not retain any copies of your communication.

We hope that you will understand our policy and be assured of our thanks for your interest in writing to us.

Very truly yours,

TM Worldwide Lp.

E-mail: tmworldwide@t-online.hu

Dear Sirs,

Let me congratulate you on having a registered trademark.

This step means a great opportunity for your company to expand market. An unambiguous label facilitates orientation within the market. It is important to make your trademark widely known in the international trade.

By the end of 2007 our firm will have published an exclusive but non-official catalogue, containing the newly registered trademarks and brand names. According to our experiences, a printed format of high standard is more widely read and more effective than electronic advertisements. The brand name and the logo, or their combination, will appear in the catalogue on the basis of the 'Nice Classification'. Owing to a well-arranged and selective design, you can be informed about trademarks in general and newly established companies, plus a general idea can be gained about new trademarks, new designs and trends.

Well-known trademarks have higher commercial and intangible value. We wish to contribute to this increase in value to send the catalogue free of charge to companies, chambers of trade and commerce, moreover to international exhibitions and fairs. TM Worldwide Lp., founded in Hungary, Europe, is a firm dealing with economy and marketing. Our firm possesses highly qualified, experienced members and excellent business circles, so our clients are served at the highest quality level.

If you wish your trademark, logo and accessibility to appear in the catalogue, the conditions are the following:

- **USD 1650** (one thousand six hundred and fifty) or **EUR 1300** (one thousand three hundred), the cost of advertisement, is to be transferred to our bank account. Payment automatically means the order of advertisement. Simultaneous with your transfer, please send your company's name and the date of your trademark registration to our e-mail address.  
**Number of bank account (IBAN): HU06101047895822090001000001**  
**Swift code: BUDAHUHB**
- On the day of receiving the cost of advertisement, your company will be made out an advanced account, which will be sent for you by post. Should your postal address and invoicing address differ, please let us know in favour of accurate invoicing.
- After the publication of the catalogue, a final invoice will be issued, which is posted for you together with the catalogue.

Please let us know if the trademark on the back, the address and the data of the company are not correct. Please inform us whether your company possesses an EU VAT number. After the order of advertisement, TM Worldwide Lp. obliges itself to the following:

- Trademarks will appear in an exclusive catalogue at the end of 2007. Trademarks and addresses will be published in advertising columns in the size of 200x70 mm.
- Your trademark will appear in each class where it has been registered on the basis of the 'Nice Classification'.
- The catalogue will be sent for you and the international market free of charge.

Let us do something together in order that the value and the reputation of your company grow in direct ratio.

I hope that we can cooperate successfully in the future. I wish you and your company all the best.

Yours Faithfully,

Adél Solymár  
Vice President
